

104 W. ALBEMARLE STREE

Edenton, NC

3 Beds, 1 Baths - 1,923 sq/ft - \$329,000

Edenton is famous for its livable front porches and this craftsman style home located in the historic district features one of the best. This comfortable home has been completely remodeled while preserving historic features, including dramatic pocket doors, hardwood floors, moldings, doors, and hardware. The home is move-in ready featuring high-end appliances and custom cabinets and a library suitable for the "work from home" trend sweeping the country. The owners didn't cut corners or skimp on quality offering the new owners time to relax, rather than renovate, and enjoy the home's spacious porch and Edenton lifestyle. This is a perfect home for a Southern lifestyle in a beautiful waterfront community. The town's historic waterfront and business district is only minutes away so you can walk, ride your bike, or golf cart to meet friends or enjoy various water sports. Edenton is within a day's drive from major metropolitan areas such as New York, DC, Raleigh
