3 Beds, | 3 Baths | 2,417 Sqft | 5,392 Sqft Lot | Pool

Welcome to this Exquisitely Remodeled Mid-Century Modern Pool Home in Encino's most sought after just So. of the Blvd. Community that boasts unmatched walkability to restaurants, shops, houses of worship, and more. Lush landscape and a gorgeous courtyard greet you with bountiful breathtaking rose bushes and Bougainvillea in full bloom. The serenity of the setting is further enjoyed from the soothing sounds of the cascading fountain. A grand atrium entryway welcomes you through the impressive double-doors where you get your first glimpse of the striking interior, abundant recessed lighting, and rich hardwood floors that are throughout the home. The open concept free flowing floor-plan seamlessly connects the kitchen, dining area, step-down living room and den/media room to the outside patio/pool area.
